

Beyond the Bell showcases the many ways MCS students learn, create, and connect through after-school clubs, athletics and activities. Great things happen when students explore their interests together!

2026-27 Fall Edition

Art Club-Elementary School

Our talented students kicked off their first meeting of the year with lots of creativity, laughter and Halloween fun! Students painted pumpkins with their own unique designs, created spooky 3D paper-chain skeletons, and topped off the fun by making (and eating!) delicious Oreo bat treats.

Athletic Association

The Homecoming Pep Rally and Spirit Week were huge successes thanks to the work of the Athletic Association. Club members planned and coordinated activities that brought school spirit and community pride to the week.

We're still smiling about the debut of our honorable (and friendly!) knight.

Book Club

Our budding authors are back at work in the MCS Book Club!

Students put their thinking caps on and brainstormed possible titles for their special yearlong collaborative book project. Each student will have the opportunity to write and illustrate their very own page, which will become part of a published book. Once completed, the masterpiece will be donated to our elementary school library.

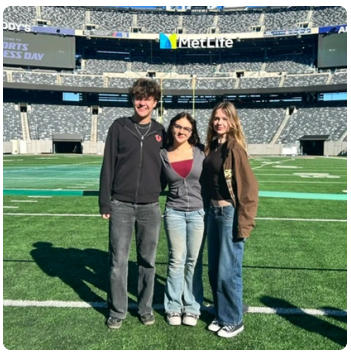

FFA

Learning, showing and sharing!

During the Tague Agriculture Tour, Middleburgh FFA students had the opportunity to share the benefits of agricultural education with community stakeholders from across Schoharie County.

They talked about their experiences showing dairy goats and dairy cows and their interests in the dairy industry. Guests even had the chance to taste the difference between goat and cow cheeses!

Future Business Leaders of America

FBLA members and business students got a behind-the-scenes look at the sports industry during Jets Sports Business Day at MetLife Stadium.

As they toured the facility and met with employees, students gained insight into career journeys, workplace expectations and the many paths that can lead to professional success.

Interact and National Honor Society Clubs

MCS Interact Club and National Honor Society members pose with community volunteers inside a food pantry. Organized shelving units and stocked pantry items are visible throughout the room.

Members of the MCS Interact Club and National Honor Society volunteered at the food pantry at the Reformed Church in Middleburgh. Students cleaned, organized shelves and helped stock the pantry. Their efforts will help keep pantry operations running smoothly for the families and individuals who rely on the pantry.

Marching Band

Marching Band students filled the streets with music and school pride during the Middleburgh Fall Festival Parade. Open to students in grades 7-12, the group combines musical skill, teamwork and energy as members perform for the community throughout the year.

Music of the Knight

Select Choir students showcased their voices during the Homecoming pep rally while dressed in pink for Pinkout Day. Singers refine their skills, work together as an ensemble and share their love of music with the school community. Throughout the year, the ensemble performs at pep rallies, Scho-Burgh, concerts and Technopalooza.

Spanish Club

¡Qué bonita!

Spanish Club students put their creativity to work to create a colorful display celebrating Hispanic Heritage Month. The bulletin board adds a bright splash of learning and culture to the hallway!

Join the Fun!

Students at MCS can get involved in over 40 clubs and over a dozen athletic teams. For more information:
